Coffee Company proudly serves Illy Coffee, a brand that takes pride in being the world's reference for coffee culture and excellence. Illy's story began in Trieste, Italy, the Adriatic port town where coffee first entered Europe, and where in 1933, company founder Francesco Illy developed the modern espresso machine. The story is still being written today by President Andrea Illy, representing a third generation of Illy family leadership. Now after 8 decades of experience Illy's exquisite coffee can be found in 140 countries around the world. Illy's mission, passion and obsession is to delight all those who cherish the quality of life, through the search for the best coffee nature can provide, enhanced by the best available technologies and by Illy's search for beauty in everything they do. And that is clearly reflected in the taste, feel, and aroma with just a sip of Illy's coffee.
